

## SOURCING POLICY

Our organization maintains a commitment to local commerce, favoring within its possibilities purchases from merchants and producers in the area.

Among our commitments, we can highlight:

- We promote and demonstrate to our customers the use of local products in our production processes.
- We support establishments located in our community to encourage prioritization by our clients.
- We favor purchases that allow us to develop our commitment to sustainability, such as recyclable goods, low-consumption items and returnable packaging, among others.
